

POWER YOUR FUNDRAISER WITH YCCUON

YCCUON FUNDRAISER PROGRAM

JOIN NOW. EARN MORE. GROW TOGETHER.

Fundraising should be simple, effective, and built to reach as many people as possible. That's exactly what the YCCUON Fundraiser Platform delivers—helping schools, organizations, teams, and community groups raise money with ease while expanding their reach like never before.

YCCUON (You Can Check Us Out Now) provides a modern, digital approach to fundraising. There's no inventory to carry, no products to sell, and no complicated logistics to manage. Instead, your fundraiser is powered by a streamlined platform designed to connect with your local community and beyond.

Supporters can easily access your campaign, learn your story, and contribute—all in just a few clicks.

One of the key advantages of the YCCUON platform is the ability to create a **unique, shareable URL** for your fundraiser. This link becomes the central hub for your campaign and can be promoted in multiple ways:

- ❖ Shared through QR codes on printed materials
- ❖ Included on flyers, brochures, and handouts
- ❖ Sent directly to potential donors through text messaging campaigns
- ❖ Shared across social media and email

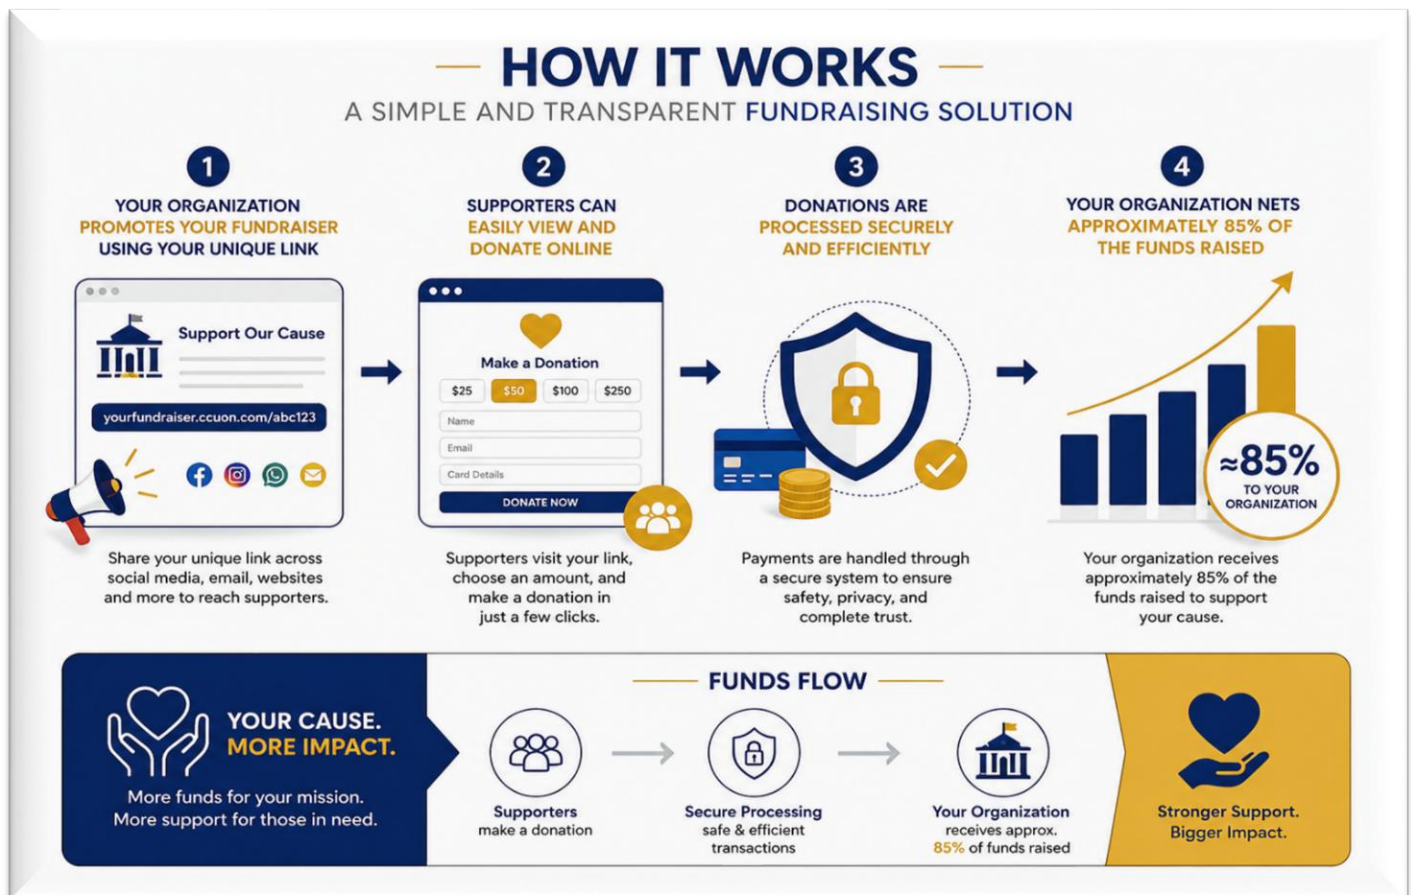

This makes it easier than ever to reach supporters wherever they are and invite them to participate.

In addition to ease of sharing, your fundraiser benefits from expanded visibility.

Your campaign can be featured on the YCCUON website and promoted through our digital signage network and WebTV channel—placing your cause in front of audiences both online and in high-traffic locations throughout the community. This increased exposure helps generate awareness and encourages more people to support your mission.

Your fundraiser may also be highlighted in *The Local Magazine*, helping you tell your story and connect with local supporters in a meaningful way.

How It Works:

- ❖ Your organization promotes your fundraiser using your unique link
- ❖ Supporters can easily view and donate online
- ❖ Donations are processed securely and efficiently
- ❖ Your organization nets approximately **85% of the funds raised**

Perfect For:
